

**Cotsford  
Primary School**

## CCTV Policy

Created: April 2021

## **Introduction**

This is the School's approved policy relating to the use of CCTV. Cotsford Primary School uses closed circuit television (CCTV) images to reduce crime and monitor the school buildings in order to provide a safe and secure environment for pupils, staff and visitors, and to prevent loss or damage to the school property.

The system comprises 9 fixed turret and dome cameras.

The system does have sound recording capability.

The CCTV system is owned and operated by the school, the deployment of which is determined by the school's leadership team.

The CCTV is monitored centrally from the school offices by the School Admin staff.

Changes to, CCTV monitoring will be subject to consultation with staff and the school community.

The school's CCTV system is registered with the Information Commissioner under the terms of the Data Protection Act (DPA). The use of CCTV, and the associated images and any sounds recordings is covered by the DPA. This policy outlines the school's use of CCTV and how it complies with the legislation.

All authorised operators and employees with access to images are aware of the procedures that need to be followed when accessing the recorded images and sound. All operators are trained about their responsibilities under the CCTV policy. All employees are aware of the restrictions in relation to access to, and disclosure of, recorded images and sound.

## **Statement of Intent**

The school complies with the Information Commissioner's Office (ICO) CCTV Code of Practice to ensure it is used responsibly and safeguards both trust and confidence in its use. The Code of Practice is published at:

<https://ico.org.uk/media/for-organisations/documents/1542/cctv-code-of-practice.pdf>

CCTV warning signs will be clearly and prominently placed around the school site. Signs will contain details of the purpose for using CCTV (see Appendix A). In areas where CCTV is used, the school will ensure that there are prominent signs placed at both the entrance of the CCTV zone and within the controlled area.

The planning and design has endeavoured to ensure that the system will give maximum effectiveness and efficiency, but it is not possible to guarantee that the system will cover or detect every single incident taking place in the areas of coverage.

## **Siting the Cameras**

Cameras will be sited so they only capture images relevant to the purposes for which they are installed, (as described above), and care will be taken to ensure that reasonable privacy expectations are not violated. The School will ensure that the location of equipment is carefully considered to ensure that images captured comply with the legislation.

The school will make every effort to position cameras so that their coverage is restricted to the school premises, which may include outdoor areas.

CCTV will not be used within the school building with the exception of the entrance lobby.

Members of staff should have access to details of where CCTV cameras are situated, with the exception of cameras placed for the purpose of covert monitoring.

## **Storage and Retention of CCTV Images**

The school retains CCTV images for 2 weeks (TBC) this may be extended if footage of an incident is required as part of any investigation.

The school stores CCTV images on a dedicated CCTV Server.

## **Access to CCTV Images**

Access to recorded images will be restricted to those staff authorised to view them, and will not be made more widely available.

## **Subject Access Requests (SAR)**

Individuals have the right to request access to CCTV footage relating to themselves under the GDPR.

All requests should be made in writing using the SAR request form to the Headteacher. Individuals submitting requests for access will be asked to provide sufficient information to enable footage relating to them to be identified. For example, date, time and location.

The school will respond to requests within 1 calendar month of receiving the request.

The school reserves the right to refuse access to CCTV footage where this would prejudice the legal rights of other individuals or jeopardise an on-going investigation.

Please see the Subject Access Request policy for further details.

## **Access to and Disclosure of Images to Third Parties**

There will be no disclosure of recorded data to third parties other than to authorised personnel, such as the Police and service providers to the school where these would reasonably need access to the data (e.g. investigators).

The data may be used within the school's discipline and grievance procedures as required, and will be subject to the usual confidentiality requirements of those procedures.

## **Complaints**

Complaints will be dealt with in accordance with the School's Complaints Procedure.

## **Appendix A: CCTV Signage**

It is a requirement of the Data Protection Act to notify people entering a CCTV protected area that the area is monitored by CCTV and that pictures are recorded. The school is to ensure that this requirement is fulfilled. The CCTV sign should include the following:

- That the area is covered by CCTV surveillance and pictures are recorded.
- The purpose of using CCTV.
- The name of the school.
- The contact telephone number or address for enquiries.
